

**PARENTAL/GUARDIAN NOTICE
CONCERNING PUBLICATION of PHOTOS &
VIDEO of STUDENTS**

Throughout your child's academic career, he or she will participate in a variety of school events, performances or activities. Your child may be photographed, videoed, or audio recorded electronically or otherwise by school personnel, local news media, other students (as part of school assignments) or others. Your child could appear, be identified by name, and recognized in newspaper articles, on television, in radio broadcasts, on displays, on the Internet/Web-sites sites, or in district or school publications, productions (school calendars, brochures, flyers, newsletters, programs for sports or cultural events, television, videos, etc.) for their participation and activities.

Most families appreciate the recognition of their children in such publications. Unless you notify the school district in writing that you do not want publication of such photographs, video, or audio recordings to be published, where your child may be specifically identified by name and/or quoted by name it will be presumed that you have no objection to such publication and that you consent to it. You further understand that you and your child will receive no compensation for publication of these newsworthy events that are also of public interest.

Notification of your written *objection* to such publication should be directed to the Building Principal each school year prior to October 1st or within 30 days of enrollment in a school, by completing the following:

REQUEST FOR NON-IDENTIFICATION OF STUDENTS

Please DO NOT allow my child to participate in school activities or programs in which s/he will be directly quoted or specifically identified by name in district publications or the news media. I understand that my child's image and/or voice may still be published without specific identification.
