

Pre-Observation Form

**BINGHAMTON CITY
SCHOOL DISTRICT**
EDUCATE EMPOWER CHALLENGE

Please note: Teachers electing to complete this form, please submit this to the administrator at least one (1) day prior to the scheduled observation or prior to a scheduled meeting with the observing administrator

Pre-Observation Form

Scheduled date of observation:

Planning for the Lesson

1. What do you expect the students will have learned by the end of the lesson? (Pearson Domains I and V)

2. Are there any special approaches/strategies you will use to accomplish your goal that I should be aware of? What approaches/strategies learned/acquired through professional development will you be using? (Pearson Domains I and IV)

3. How will you know during the lesson and/or following the lesson that the students learned what you planned they would learn? (Pearson Domain X)

Upload additional evidence that supports your planning and preparation for this lesson

Background Information

4. How will I know you are engaging and meeting the diverse learning needs of your students? Is there anything special I should be aware of about the students lesson before observing? (Pearson Domain II and IV)

5. Please give me some idea of your students' familiarity with the material in your lesson. (Pearson Domain V)

Upload evidence that supports your understanding of diverse needs, interests of students and methods of engagement

Focus of the Observation

6. How do you structure your classroom to maintain a positive climate and maximize productivity? (Pearson Domain VII and VIII)

Upload evidence of classroom management and opportunities for relationship building that leads to a positive classroom climate.

Please have your lesson plans accessible, along with other teacher generated materials you wish to share that supports the instruction that is being observed.
